Matsko Aleksei

Product Designer | UX/UI Designer

matskosmog@gmail.com Portfolio Linkedin +7(999)450-35-56 @Smogli

SUMMARY

Senior Product Designer **with 6+ years of experience** designing digital products for startups and product teams. Experienced in **end-to-end product design** across **B2B and B2C products**, including **complex UX flows, internal tools**, and **design systems**. Strong at turning ambiguous requirements into clear product experiences and collaborating cross-functionally in fast-paced environments.

EXPERIENCE

Product Designer / Design Lead | Rizzult (formerly Drim) — Sep 2025 — Present

The company rebranded from Drim to Rizzult during my time on the team.

- Led product design across key B2B workflows, from campaign setup to management and reporting
- Built a scalable design system that became the foundation for multiple products
- Translated a complex influencer marketing service model into a clear and usable product experience

Product Designer | Drim — Jun 2024 — Sep 2025

- Structured complex operational workflows into clear tools for campaign and process management
- Led the design of an internal admin panel that supported the company's day-to-day operations

Product Designer / Co-Founder | Ninji — Sep 2024 — Present

- Designed a workforce management platform that evolved from a custom business solution into a scalable subscription-based product
- Created core workflows for business setup, location and staff management, scheduling, and payroll tracking

Product Designer | RentHop — Aug 2022 — Sep 2024

- Optimized the user journey for property purchases, boosting conversion by up to 30%
- Designed a mobile app for owner-listed property rentals
